1. _____ is useful when there are a large number of causes or we have trouble understanding the relationship between different potential causes

1 / 1 point

☐ 5 Why's

☐ Gap Analysis

☒ Cause - and - Effect

☐ FMEA

Correct

Cause - and - Effect is useful when there are a large number of causes or we have trouble understanding the relationship between different potential causes

2. _____ allows us to see the relative impact of various parts of a problem at the same time.

1 / 1 point

☐ FMEA

☐ Cause - and - Effect

☐ 5 Why's

☒ Pareto Charts

Correct

Pareto charts allows us to see the relative impact of various parts of a problem at the same time

3. _____ is preferred over FMEA when there is a safety or operating issue

1 / 1 point

☒ Fault tree analysis

☐ Ford 8D Problem Solving

☐ Hoshin planning

☐ Gap Analysis

Correct

Fault tree analysis is preferred over FMEA when there is a safety or operating issue

4. _____ can create space shortages, raw material shortages, and extra production costs

1 / 1 point

☐ Excessive Processing

☒ Overproducing

☐ Motion

☐ Waiting

Correct

Overproducing can create space shortages, raw material shortages, and extra production costs

5. When we _____, we are giving away value that the customer will not pay for and if done consistently will ultimately expect for the same price

1 / 1 point

☐ Rework a product

☐ Scrap a product

☐ Create a product

☒ Over process a product

Correct

When we Over process a product, we are giving away value that the customer will not pay for and if done consistently will ultimately expect for the same price

6. _____ implies that the solution is sufficient.

1 / 1 point

☐ Effective

☐ Suitable

☒ Adequate

☐ None of the above

Correct

Adequate implies that the solution is sufficient

7. _____ is the combination severity of failure and the probability of failure

1 point

☒ Risk priority number

☐ Severity quotient

☐ Risk assessment

☐ Failure effect

Incorrect

See Module 5-5 Lesson 1

8. A _____ is the symptom of the failure

1 / 1 point

☐ failure cause

☒ failure mode

☐ failure mechanism

☐ failure effect

Correct

A failure mode is the symptom of the failure

9. Objectives of gap analysis include all except

1 / 1 point

☐ Lowering internal costs

☐ Recover market share

☐ Improve employee moral

☒ All of the above

Correct

Objectives of gap analysis include all except Lowering internal costs, recover market share, and improve employee moral

10. When we _____, we are giving away value that the customer will not pay for and if done consistently will ultimately expect for the same price

1 / 1 point

☐ Scrap a product

☒ Over process a product

☐ Rework a product

☐ Create a product

Correct

When we Over process a product, we are giving away value that the customer will not pay for and if done consistently will ultimately expect for the same price
